Quintia

Let's start...

our app

The screenshot displays a business application interface with the following components:

- Top Panel:** A menu bar with 'Views', 'Windows', and 'Help'. Below it is a 'Button'.
- Left Panel:** Two circular gauges. The top gauge is labeled 'MyKPI' and shows a value of 13. The bottom gauge is labeled 'Width' and shows a value of 10.
- Center Panel:** A tabbed window titled 'Orders and Operations'. It contains two tables:
 - Orders Table:**

OrderNr	DueDate	Quantity	Width
+ 14	Feb-14-2012	300	10.12
+ 23	Feb-14-2012	750	10.12
+ 9	Feb-14-2012	750	50.6
+ 19	Feb-14-2012	1050	10.12
+ 3	Feb-14-2012	300	20.24
+ 21	Feb-14-2012	1050	30.36
		+ 4200	
 - Operations Table:**

OperationType
C
F
P
- Bottom Panel:** A tabbed window titled 'Company' containing a table:

HasConstraint...	LowUtilization	MyKPI	Time	TransportTime
false	45		13 Feb-6-2012 16:1...	0:10:00
- Footer:** A status bar showing '6 1 Filtered' and '<no view>'.

it's made for
