plug

Squeed is a knowledge company caring about learning.
It is in our [awesome] **culture** and we do it with **passion**

As software developers we believe...

Hey, we forgot...

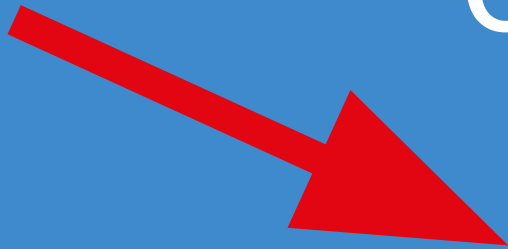

To write the
business logic

+ 8h

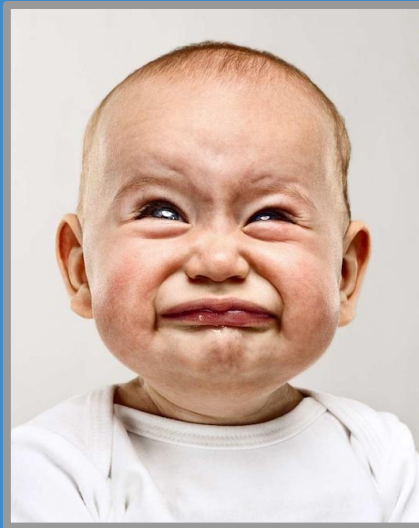

(free of charge for jfokus attendees
with promo code: #ThisCan'tBeTrue)

6 weeks!!?

6 weeks!!?

Is this how it

should be?

Another way?

JHipster to the
rescue...

yo 10.000 feet overview

JHipster is a Yeoman generator used to create a Spring Boot + AngularJS project

We believe in...

Delivering business value instead of
spending time on boilerplate code and
configuration.

We believe...

That you feel the same!

We believe that...

You should check out JHipster!
